General Terms & Conditions

1. Quotation Validity	The quotation issued by Energyfox is valid for 30 days from the date of submission,unless stated otherwise. Prices are based on prevailing conditions at the time of quotation.
2. Taxes & Duties	Prices are inclusive of applicable taxes as per current government regulations. In the event of any change in government policy, tax structure, or introduction of new taxes after acceptance of the Purchase Order, the additional cost shall be borne by the Customer. Prices include standard packing only
3. Packing	Packing shall be carried out as per Energyfox standard packing practices. Any requirement for non-standard or special packing shall be chargeable and payable by the Customer.
4. Freight	Freight terms shall be as mentioned in the quotation or mutually agreed offer. Any additional freight or handling charges due to special site conditions shall be charged separately.
5. Delivery Period	Delivery and installation timelines shall be as per the mutually agreed schedule and duly accepted Purchase Order. All deliveries are subject to Force Major conditions
6. Force Majeure	Energyfox shall not be liable for delays or failure in performance due to circumstances beyond its reasonable control, including but not limited to: War, invasion, civil unrest, riots, strikes or lockouts. Government orders, restrictions or regulatory changes. Natural calamities such as floods, earthquakes, storms or fires. Breakdown of machinery, shortage of materials, labor issues. Delays in transportation, shipping space or logistics. Such events shall not be considered a breach of contract.
7. Cancellation	Any order once received and acknowledged by Energyfox shall not be cancelled, either wholly or partly, without written consent from Energyfox. Approved cancellations, if any, may attract cancellation charges as per company policy.
8. Warranty Exclusions	Warranty shall not apply to defects or damages arising due to: i. Materials, components, tools, designs, or software supplied by the Customer ii. Negligence, misuse, or willful misconduct by the Customer iii. Use of parts, accessories, or attachments not supplied or approved by Energyfox iv. Improper installation, servicing, modification, or alteration carried out by the Customer or third party without written authorization from Energyfox v. Any trial, testing, or experimentation conducted by the Customer without written consent vi. Use of unsuitable materials or consumables by the Customer vii. Operation or use of equipment not in accordance with manufacturer manuals, instructions, specifications, or standard industry practices

These Terms & Conditions form an integral part of the agreement between Energyfox and the Customer and shall prevail unless otherwise agreed in writing. Energyfox Consultants Pvt. Ltd reserves the right to amend
